Term 1: Monday 14 February 2022

### Red level – Phase 2 Update

Parents and families please be aware that as we are now going to Phase 2 from midnight tomorrow, the following conditions apply at school and will have a direct impact on you:

#### Pick Ups and Drop Offs

From Wednesday morning until further notice children are to be picked up and dropped off by parents. Parents are asked not to enter the school grounds. Parents can still make appointments to see teachers and must wear masks if doing so.

The gates for parents to use are as follows:

Rooms 1-4 Use the Jane St gate

Rooms 6-9 Use the Harland St gate

Rooms 10-12 Use the main gates on Thomson St

Parents, please talk to your children about where you will be dropping them off and picking them up from. Families with older siblings will be allowed to leave from the gate of the youngest child. For example a family with a child in Room 2 and Room 9 should leave from the Jane St gate.

#### No Casual Visits

All visitors must report to the office. Please do not drop into a classroom or other area of the school.

## Are You an Essential Worker?

As a school we may have to ask classes or year levels to stay at home even though we are open while in Red. The most likely reasons for this are a confirmed case or there are not enough staff to run classes.

Parents must have a plan for this scenario and the possibility that we have to close as a school. For parents who are essential workers and cannot get any form of childcare, we would like to know who you are so that we can supervise children in one or two of our rooms.

Therefore we are asking all parents who are essential workers to inform the office via email [office@tinwald.school.nz](mailto:office@tinwald.school.nz)

Please let us know who you are, the best contact phone number, who your children are including their room number and which days your child/ren would need to be at school.

*Better every single time*
